Case study: {{SHORT_TITLE}}

Client: {{CLIENT_NAME / anonymised description}} · **Sector:** {{SECTOR}} · **Built:** {{e.g. data platform + dashboards}} · **Timeline:** {{N}} weeks

The problem

{{2–3 sentences in business terms: what wasn't working and what it cost (time, errors, risk, missed decisions).}}

What we built

{{2–3 sentences in plain language. Name the type of solution, not the stack, unless the stack matters to the reader.}}

How we worked

When	What happened
{{Week 1}}	{{Discovery: systems and reports reviewed, success measures agreed}}
{{Weeks 2–3}}	{{Design: what was agreed and with whom}}
{{Weeks 4–7}}	{{Build: weekly demos, what changed along the way}}
{{Week 8}}	{{UAT, training, go-live}}

The result

Measure	Before	After
{{e.g. Days to close month-end reporting}}	{{5}}	{{1}}
{{e.g. Revenue figures that match the ledger}}	{{3 versions}}	{{1, reconciled}}
{{e.g. People using it each week}}	{{0}}	{{24}}

- {{Qualitative result, e.g. "one agreed revenue figure across departments"}}

In their words

> "{{Quote}}". {{Name, role}} *(approved {{DATE}})*

Web snippet (≤ 40 words)

{{Sector}} · {{Built}} · **{{Result}}**

Deck slide

Title: {{Result in one line, line break after the comma.}} · three numbers from the table above · the quote · client name or anonymised description.

LinkedIn post (≤ 120 words)

{{Hook: the problem in one line.}}

{{What we built, in two sentences.}}

{{The result, as 2–3 short lines with the numbers.}}

{{Thanks to the client team, tagged only with their permission.}}

Interview guide (20 minutes, with the sponsor)

1. Before we started, what was the problem costing you? (time, money, risk, frustration)
2. What had you already tried?
3. Why did you choose to work with datawazi?
4. What surprised you during the project, good or bad?
5. What is different now, day to day? Can you put a number on it?
6. Who uses it, and how often?
7. What would you tell a peer considering the same project?
8. May we use your name and organisation, or would you prefer we anonymise it?
