Hypercare plan: {{PROJECT_TITLE}}

Period: {{GO_LIVE}} – {{END_DATE}} ({{2–4}} weeks) · **Contact:** {{CHANNEL}} · **Hours:** {{e.g. Mon–Fri 9am–6pm MYT}}

What's covered

- Fixing defects in delivered features
- Data load failures and incorrect numbers
- Questions from users and admins
- Small tweaks: labels, colours, filter defaults

Not covered

- New features, reports or data sources → change request or next phase
- Issues caused by changes to source systems made after go-live → support retainer or change request

Response targets

Priority	Example	First response	Target fix
P1	Data wrong or system down	{{2 business hours}}	{{1 business day}}
P2	Feature broken, workaround exists	{{1 business day}}	{{3 business days}}
P3	Question / cosmetic	{{2 business days}}	{{next release}}

Check-ins

- Weekly 20-minute check-in: {{DAY}}
- Hypercare log shared every {{DAY}}

Exit criteria

- ☐ {{N}} consecutive successful scheduled loads
- ☐ One full business cycle completed (e.g. a month-end) with correct numbers
- ☐ No open P1/P2 issues
- ☐ Client owner confirms they can run the system using the handover pack
- ☐ Decision on ongoing support: retainer / client runs it
